Product Specification Sheet

Simrad NAC-2 Autopilot Computer

SKU: SIM-000-13249-001 Manufacturer part: 000-13249-001

Compiled by Common Ground from the supplied, source-linked Simrad research. Not a manufacturer-issued datasheet. Specifications apply only to the stated model or component.

Recommended vessel size
Up to 10 m (35 ft)

Drive compatibility
Low-current hydraulic steering pumps (including RPU80), mechanical drives (including SD10), hydraulic linear drives (including HLD350), and solenoid valves

Feedback support
Simrad VRF; SimNet/NMEA 2000 RF25; resistive rudder feedback sensors

Networking
NMEA 2000 connectivity to heading sensors, rudder feedbacks, autopilot controllers and multifunction displays

System role
Centre of the autopilot system; electronics to operate and interface with other key components
